Safety:

Rudy started off by reminding the club member that 22 people raised there hand indicating they would show up to the inspection. We only had 10 trucks show up, we had enough food left over to feed the employees at the facility. Between Rudy and Glenn, they found a few problems, Norm had a problem with cab mounts, Ed had a problem with an engine mount, Rich had to adjust his transmission. The people that didn't have there truck inspected will need to have it inspected at a later date. Now that we have badges, it will become mandatory that you wear them at club functions.
